

Back Bay Farm Newsletter January 2010

Way cool clip art...

BBF 2010 Releases

This month, all riders receive a new release form & copy of revised BBF policies. Please return the signed release forms to Robin ASAP.

We also ask that you thoroughly read & sign the updated general rules/policies. Thank you!

New Supplement

On the recommendation of our veterinarians, we are adding Farrier's Formula to all horses' diets at BBF. This quality supplement contains benefits for good health beyond the hoof. Cost is \$20.00 per month. Boarders, let Robin know if you do not want this added.

Beach rides for Jan/Feb posted soon.

Practice Rides

For school riders, take advantage of the opportunity to schedule practice rides in addition to your regular lessons. Extra time in the saddle can vastly improve your strength & position, while learning to ride on your own constructively.

Allowing a 2-hour window gives you ample time to ride & learn more about each horse's individual care. We will provide assistance. Cost \$30 per ride.

Indoor Turnout

No one should turn any horse loose in the indoor without supervision from Robin.

North Shore Banquet

Join us Jan.16th-Danversport Yacht Club!

Upcoming shows: Canterbrook 1/10 & Volo 1/31- will go, weather permitting.
