

Back Bay Farm Newsletter June 2010

Camp It Up

School riders, including former campers, can all benefit from extra saddle time. Ride 2x daily & learn more detailed horse care during camp participation! With four instructors this year, we can focus on different areas for each skill level. Fun hands on topics to explore. Advancing riders will lesson with Robin. Camp provides the extra time to devote to learning basic vet care & intensive horsemanship, plus trail rides. Join in!

More Time

Riders, please allow 45 minutes before and after lessons for thorough grooming before & especially, for cooling out your horse or pony in warmer weather.

Wash Bucket List

Boarders, please keep your own wash items: bucket, shampoo & your own large sponge for hygienic reasons.

Smart Girl

Congratulations to Ali Cotreau for earning her degree from Boston University!

Halters

Please check to see if your horse may need a new turn out halter, if nameplates are loose or if your steed needs a nicer halter to travel with for shows. *Fleece shipping halters = also good to have for longer trips such as VT or Finals.

Cornerstone Photos

Tracy's photos from Cornerstone 5/23/10 are on [www.smugmug](http://www.smugmug.com/cameragirl61): cameragirl61.

Wireless

BBF now offers wireless if to parents or anyone who needs to work (or play games) online while waiting at the barn.

Upcoming: Grazing Fields 6/06, Cornerstone 6/13, NSHA 6/20 & 6/27, BBF Camp 6/28-7/2
