

Back Bay Farm Newsletter May 2010

Shane Powell

Welcome to talented professional rider Shane Powell back from the Florida circuit. He helps school BBF horses on Tues. & Fri, plus will join us at the shows.

Lala Clinic & BBF May 8th Show

Clinic postponed. BBF horse show will need to be cancelled unless more riders are interested. Judged home shows = a great way to test yourself at low cost. Let us know, if the show should go on?

Ponies Available*

Several superb ponies available for 6-month show season leases. See Robin.

Cheryl Ann Update

Very positive news from CA about continued improvements & that she is gaining strength! Although still in the healing phase, she is making slow but steady progress in therapy. She has a van & has been going in to work at her school in Gloucester. She's also filling out applications to start riding at Windrush. We expect to see her at the barn for another visit soon.

Green Light

BBF will start recycling in May. Please help out by rinsing sticky bottles, etc. to minimize flies.

Email Request

Please add your email address on sign-up sheet as we organize & update our office files for enhanced communication.

Brothers for Hire

Nancy's two brothers are available for yard work. They have landscaping experience & have done a fantastic job here at the barn cleaning up from storms. We recommend them!

Camera Mavens

Parents, riders, relatives, we love to get updated pix for the website & newsletters! Hats off to Heather for snapping shots from the saddle during the Bradley Palmer trail outing.

Upcoming: Castleneck 5/2, BBF Show 5/8, Fieldstone 5/19-23, Cornerstone 5/23
